THE LESSON AT A GLANCE

Introduction	Teacher models	Guided practice	On their own	Wrap-up
4 min	7 min	8 min	7 min	4 min

Inside this plan: the step-by-step lesson flow with what the teacher and learners do, the key content, practice questions with answers, a common mistake to watch for, an assessment rubric on the four CBC levels, support and extension ideas, homework and a reflection page.

LESSON FLOW

Stage	Minutes	The teacher	The learners
Introduction	4	Greet the class and ask: "Point to the letters f, n, h and o on the chart. Learners say each sound." Take two or three answers, link them to earlier work, then state today's outcome.	Answer the starter question, recall what they already know and read the outcome aloud.
Step 1: Teacher models	7	Take learners through "Words to read" (teaching points on the next page), explaining as you go. Use a chart of words with the target sounds, letter cards for making words, sentence strips. Ask learners to predict what comes next before you show it.	Watch, predict the next step, ask questions and note the key steps in their exercise books.
Step 2: Guided practice	8	Give questions 1 and 2. Move round the groups, ask "How do you know?" and correct errors kindly on the spot.	Work in pairs or small groups, explain each step to a partner and check one another's answers.
Step 3: Independent practice	7	Set questions 3 and 4 for individual work. Mark as you walk round and note who needs help in the next lesson.	Work on their own, then swap books with a partner to check.
Summary and conclusion	4	Ask two or three learners to state the key idea in their own words. Give this exit question and check the answers: "Make a word with f, u and n."	Say the key idea in their own words and answer the exit question in the exercise book.

TEACHING POINTS

Words to read

fog, hot, fan, fun, hen, hop, not, nod, on, off. Blend each one: h-o-t, hot.

With letter cards make: f-o-g fog, h-o-p hop, n-o-t not. Change one letter to make a new word: hot - not - nod.

PRACTICE QUESTIONS - WITH ANSWERS FOR THE TEACHER

No.	Question	Answer
1	Read: "fog".	**fog**
2	Read: "hen".	**hen**
3	Change the h in "hot" to n. What word is it?	**not**
4	Make a word with f, u and n.	**fun**

WATCH OUT FOR

Learners read "fog" as "frog". Point to each letter: there is no r.

ASSESSMENT RUBRIC - THE FOUR CBC LEVELS

Level	What the learner can do
Exceeds expectations (EE)	Can read words with the target sounds from a chart confidently and accurately, explain the method used, and apply the idea to new or unfamiliar problems.
Meets expectations (ME)	Can read words with the target sounds from a chart accurately in familiar situations; notices and corrects slips without help.
Approaches expectations (AE)	Can partly read words with the target sounds from a chart, or does so with prompts from the teacher or a partner; makes some errors.
Below expectations (BE)	Cannot yet read words with the target sounds from a chart without direct help; needs the idea taught again with concrete objects.

SUPPORT AND EXTENSION

Learners who need support	Give the learner three cards and build one word at a time together.
Learners ready for more	Make as many words as you can with h, o, t, n, f. (Answer: Answers vary; for example hot, not, on, of, ton)
Inclusion	Seat learners with low vision near the board and read aloud whatever you write; use large, clear, tactile materials; allow extra time; pair with a patient partner; use gestures or Kenyan Sign Language for the key words.

HOMEWORK AND FOLLOW-UP

Redo questions 3 and 4 neatly in the exercise book. Then tell someone at home what you learned about "reading words with f, n, h and o" and bring one question of your own to ask next lesson.

TEACHER SELF-CHECK

- Did every learner get a turn to handle materials or explain their thinking?
- Did most learners meet the outcome? Write down the names of those who did not.
- Was the pace right — did any step take too long or too short a time?
- Which competency and value did I see learners showing?
- What will I change the next time I teach this lesson?

REFLECTION ON THE LESSON / SELF-REMARKS

Write this after teaching - what worked, what to change, which learners need follow-up.
